

Floor Plans

No more than four perfect homes per floor.

Choose two-bedroom, two-bath homes or three-bedroom, three-bath. Or combine two homes into one that suits you better. Sizes range from 1,500 to 2,400 estimated square feet or larger when combined.

The Metropolitan, in the interest of continued product improvement, reserves the right to modify or change price, materials, fixtures, colors, design and specifications without notice. Floorplans presented at this preliminary stage may change without notice. All square footages are approximate and are subject to change.
